Hand2Note Pro.Tools: HUD in package

If you use this HUD, you can play without using or with a minimum of use.

All the basic pre-flop and postflop stats will be displayed on the table depending on the players' actions and situations.

Statistics HUD varies depending on the availability of samples, the stats become more accurate. HUD uses the pre-flop flops and post-flop betsizings for a more visual representation of the ranges. (See additional description of badges)
